CHILDREN'S AND TEEN'S FURNITURE
FURNITURE CATALOGUE

Your child's first smile is this magical moment that you will remember for ever. This smile is the beginning of a great challenge, which is your child's proper development. It ensures a lot of satisfaction and joy, but it also requires a lot of concentration and involvement. Our company, by providing high-quality furniture, allows parents comfortably arrange the child's first world. His/her little planet which is their comfortable, cosy and functional room.

Furniture for children must not only be functional and attractive in terms of its design and, first of all, must guarantee safety. Therefore, in the manufacturing process, we put great emphasis on **high quality of craftsmanship**, the use of **design solutions and materials that are safe for children. As a result, all beds we manufacture have passed the certification process without any problems.** This means that they meet the safety requirements of the European standards PN-EN 716-1:2010 and PN-EN 716-2:2010.

Bellamy furniture was appreciated by the furniture industry, which is confirmed by prestigious awards and distinctions.

Safe materials:

- Construction materials used in the production process, such as MDF, HDF or laminated particle boards, have **safety certificates** and meet **hygiene classes of class E1.**
- Varnishes, which are used in the production process, are safe for children. They have certificates meeting the requirements of the European standard EN 71-3:1994.

Safe solutions:

- Rounded edges
- The use of quiet and safe guides equipped with a closing system.
- Shelves in bookcases are protected against falling
- Very durable bases used in cots
- Verified system for fixing tall wardrobes and bookcases to walls
- A safe system for closing the lids of toy chests
- The use of a third removable bar which allows older children to get out of the cot.

Toteme

line of children's furniture features modern and minimalist form. Its main decorative elements are matte white drawer fronts doors, and headboards with tactile ornaments. White surfaces contrast with oak wood elements in the furniture bases and legs. Each piece in the Toteme line can be customised thanks to a selection of door and drawer finishes: decorated with a tactile, geometric or botanic design. Thanks to scope of customisation, each children's room furnished with the Toteme pieces will look unique and stylish.

LITTLE
TREASURES

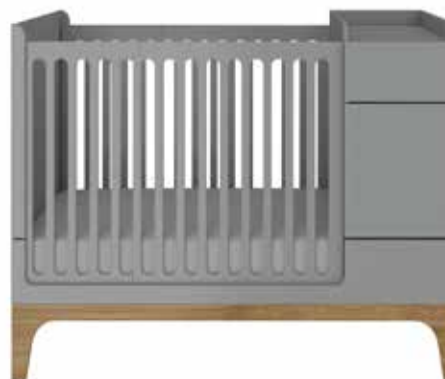

UP!cycling – MASTER

the cot with a small cabinet, changing table, drawer (option) and shelves is a piece of furniture which changes with your child and adjusts to their needs. For the infant, it is a great safe space to sleep, play and rest in, whereas for the parent – a functional space for storing all things necessary for baby care. When your child grows older, it can be easily and **quickly turned into a larger bed (160 cm)**, adding a small desk to it with an adjusted top and space for your child's treasures.

Furniture is made of bent beech plywood, MDF board in white children-safe lacquer, and white laminate board. To increase the comfort of use, safe and reliable Blum guide rails are used, which have additionally been equipped with a closing system. Paint used in this furniture is safe for children, certified in compliance with the EN71/3 standard, non-allergenic.

Nomi collection

the line was inspired by two shapes: circle and triangle, because when we think of the triangle, the most important thing to us all comes to mind - home, a hiding place, safe haven. The circle, on the other hand, is one the very first shapes a little person is able to draw and brings associations of an open window to a new world and a new adventure.

The furniture is made of laminate board in white and grey combined with pine wood. To increase the comfort of use, silent guide rails were used, which are equipped with a self-closing function by Hafele. Paint used in this furniture is safe for children, certified in compliance with the EN71/3 standard, non-allergenic.

Good Night bed

is a practical combination of elegance and a classical style. A chic design especially for demanding parents so that the child can use it for a long time. Bed slats are decorated with stylish relief-milled decoration; on the headrest, there is a chic decorative element, which can be filled with a Good Night inscription or replaced with the child's name. With appropriate styling additions, the child will look great in the room of small boy and a girl.

Swan'derful

set of cotton bedding including filled pillow and duvet. Suitable for girls. The amazing, original design of a swan on a background of stars and polka dots makes the bedding unique.

The colour scheme is very delicate. A subtle and lovely shade of pink beautifully accents your Little Princess' bed. The pillow is edged with a frill, lending it a romantic, fairytale air.

Good Night •

In The Woods

set of cotton bedding including filled pillow and duvet, suitable for children aged 0 to 5. All children love animals and stories about animals. So we decided to create our own "In the Woods" line, featuring unique and colourful animal and plant designs. Our bear wears socks and our deer is mint-green with polka dots! We wanted to create a cheerful and colourful mood. We've taken care of every detail. The final touch is given by the piping that we've added to the duvet and pillow.

In The Woods
